This system is especially useful for:

- Comparing weekly performance across different fiscal years
- Simplifying reporting and data analysis
- Aligning financial activities with operational cycles

In 2014, many organizations and governments adopted specific conventions for numbering weeks within their fiscal year, which may or may not align with the ISO 8601 standard.

Fiscal Year 2014 Overview

The fiscal year 2014 typically refers to a 12-month period that varies based on the organization or country. Common fiscal years include:

- For the UK and Australia: April 1, 2013 ? March 31, 2014
- For the US federal government: October 1, 2013 ? September 30, 2014
